Student Health Services

Required Information

All new students are required to provide medical information online and must submit an official immunization record by mail, fax, or email to the Student Health Center before coming to campus. Please visit health.owu.edu for a checklist and further details.

Care Available

Student Health Services, located in the lower level of Stuyvesant Hall on the residential side of campus, is operated by OhioHealth and is available to all OWU students. The Health Center does not provide care during vacation periods. Services offered include, but are not limited to:

- Physical examinations
- Illness/injury care and follow-up
- Gynecological exams
- STD/HIV testing
- Health promotion counseling
- Coordination of care with primary care physicians and specialists
- Immunizations/Allergy injections
- Chronic illness support
- Medicine management for limited mental health concerns- depression, anxiety, sleep disorders, ADD

Insurance

All students are required to have health insurance. *OhioHealth will bill insurance directly for all services.* When coming to the center for care, students should always bring:

- Medical insurance card
- Student ID or legal ID
- Credit/debit card or check for co-payment

The following link will take you to our website to view the plans with which OhioHealth hospitals and professionals contract with:

<https://www.ohiohealth.com/insurance/>. We encourage you to access this site to determine if the OhioHealth facilities and providers will be in-network with your insurance. If OhioHealth is *not* part of your insurance plan, you can still be seen in the Student Health Center and out of network rates will apply. For billing questions please contact our billing company, CMM, at 888-434-6001.

If OhioHealth is out-of-network or a student needs to purchase insurance, the University makes available to students an insurance plan in which claims are administered through Commercial Travelers Mutual Insurance Co. For more information, visit <http://www.studentplanscenter.com>.

Missing Class / Assignments

Written excuses are not issued by Student Health Services. Students who are ill and miss classes are responsible for notifying professors about missed time/assignments. If a student has an extended illness or is hospitalized and will miss more than 3 consecutive days of classes, Student Health Services can assist with sending an "Out-of-Class Notice" after medical documentation is received from the student's healthcare provider. Student Health Services cannot excuse missed work or tests.
