ELIGIBILITY

Who is eligible?
If you’re a full-time employee at Ohio Wesleyan University, you’re eligible to enroll in the benefits outlined in this guide. In addition, you can enroll your eligible dependents. Eligible dependents include: your spouse and if under the age of 26, your natural child, adopted child, foster child, stepchild, or grandchild (if court-ordered custody); or a disabled dependent.

How to enroll
The first step is to review your current benefits. Verify all your personal information (address, etc.) and make any necessary changes.

If you want to make changes to your 2022-2023 benefit enrollments or participate in FSA Medical or dependent care:

1. Log into ADP/Myself/Benefit/Enrollments
2. Access ADP through OWU’s Single Sign On (SSO) process by using this link: https://www.owu.edu/adp
   OR
   Access through ADP Portal Directly with your ADP login credentials: https://workforcenow.adp.com/workforcenow/login.html

If you do not plan on changing any of your benefit enrollments from last year, then you do not have to re-enroll in ADP. However, if you wish to continue your FSA Flex Medical or Dependent Care FSA contributions, then you must submit new FSA elections in ADP.

When to enroll
Open enrollment begins on May 4th and ends May 25th. The benefits you choose during open enrollment will become effective on July 1st, 2022.

How to make changes
Unless you experience a life-changing qualifying event, you cannot make changes to your benefits until the next open enrollment period. Qualifying events include:

· Marriage, divorce, or legal separation
· Birth or adoption of a child
· Change in child’s dependent status
· Death of a spouse, child or other qualified dependent
· Change in employment status or a change in coverage under another employer-sponsored plan

If you experience a qualifying event, you must contact HR within 30 days of the event.

DENTAL INSURANCE

In addition to protecting your smile, dental insurance helps pay for dental care and usually includes regular checkups, cleanings, and X-rays. Several studies suggest that oral diseases, such as periodontitis (gum disease), can affect other areas of your body—including your heart. Receiving regular dental care can protect you and your family from the high cost of dental disease and surgery.

Ohio Wesleyan is happy to say that there is a decrease of cost to your dental benefits for 2022. The following chart outlines the dental benefits offered.

FLEXIBLE SPENDING ACCOUNTS (for POS Members)

Paying for health care can be stressful. That’s why Ohio Wesleyan offers an employer-sponsored flexible spending account (FSA) which can be paired with the POS plan.

WHAT ARE THE BENEFITS OF AN FSA?

There are a variety of different benefits of using an FSA, including the following:

- **It saves you money.** Allows you to put aside money tax-free that can be used for qualified medical expenses.
- **It’s a tax-saver.** Since your taxable income is decreased by your contributions, you’ll pay less in taxes.
- **It is flexible.** You can use your FSA funds at any time, even if it’s the beginning of the year.
- **It has a friendly app.** Download the app to your smart phone to manage your funds.

You cannot stockpile money in your FSA. **If you do not use it, you lose it with the exception of the $500 carry-over.** You should only contribute the amount of money you expect to pay out of pocket during the July 1st through June 30th benefit year.

If you were previously enrolled in an FSA, you will keep the same card, and HRPro will reload it on July 1st. **Make sure to keep all receipts for your records and in case of an IRS inquiry.**

You can check your current card balance at hrpro.biz or hrpro.navigatorsuite.com/login, or using the HRPro Mobile App.

WHAT IS A DEPENDENT CARE FSA?

Dependent Care FSAs allow you to contribute pre-tax dollars to qualified dependent care. The maximum amount you may contribute each year is $5,000 (or $2,500 if married and filing separately).

Can I have a health FSA if I am enrolled on the HSA plan?

If you are enrolled on the HSA plan, you cannot contribute to a health FSA account, but you can use any funds you have previously accumulated by June 30th.

<table>
<thead>
<tr>
<th>Annual FSA Contribution Maximum</th>
<th>$2,850</th>
</tr>
</thead>
<tbody>
<tr>
<td>Annual Dependent Care FSA Contribution Maximum</td>
<td>$5,000</td>
</tr>
</tbody>
</table>
HEALTH SAVINGS ACCOUNTS

Health savings accounts (HSAs) are a great way to save money and budget for qualified medical expenses. HSAs are tax-advantaged savings accounts that accompany high deductible health plans. HDHPs offer lower monthly premiums in exchange for a higher deductible (the amount you pay before insurance kicks in).

WHAT ARE THE BENEFITS OF AN HSA?
There are many benefits of using an HSA, including the following:

- **It is portable.** The money in your HSA is carried over from year to year and is yours to keep, even if you leave the company.

- **It is a tax-saver**—HSA contributions are made with pre-tax dollars. Since your taxable income is decreased by your contributions, you’ll pay less in taxes.

The maximum amount that you can contribute to an HSA in 2022 is $3,650 for individual coverage and $7,300 for family coverage.

Additionally, if you are age 55 or older, you may make an additional “catch-up” contribution of $1,000. You may change your contribution amount at any time throughout the year as long as you don’t exceed the annual maximum.

WHO IS ELIGIBLE FOR AN HSA?

- Covered by a High Deductible Health Plan
- NOT enrolled in first dollar coverage (PPO)
- NOT enrolled in Medicare, Medicaid, Tricare
- NOT claimed as a dependent on someone else’s tax return

**Employer HSA Contribution**

Employee Only: $1,000
Family: $2,000

WHAT CAN HSA DOLLARS BE USED FOR?

HSA funds can be used tax-free for members of the family who meet the IRS’s definition of a “tax dependent”. Distributions for non-qualified expenses are taxable income plus a 20% excise tax. You can use HSA dollars for qualified medical, dental, and vision expenses. Once you turn 65 years old, HSA funds can be transferred to retirement savings account and used on any expenses. For more information check out [www.irs.gov/pub/irs-pdf/p502.pdf](http://www.irs.gov/pub/irs-pdf/p502.pdf).

Obtain a referral from your PCP before seeing a specialist:

- Saves money on member out-of-pocket costs
- Helps avoid visits to the wrong specialist
- Helps avoid referrals to an out-of-network specialist
- Get in to see specialist faster
- Get alerts for benefits not fully covered
- All referrals obtained are valid for 12 months.
- You have a 60 day grace period, through 08/31/2019, to obtain all necessary referrals before a reduction in benefits will apply.
- The PCP must provide the referral to the Care Coordinators.

PRE-CERTIFICATION

Before you receive certain medical services or procedures, your health plan requires a doctor to confirm that these requested services are considered medically necessary under your plan. This verification process is called "pre-certification." Even if some services or therapies are performed in your doctor’s office, you may still need a pre-certification. Pre-certification requests must be submitted by your physician directly to the Apta Care Coordinators.

Understanding Your Prescription Benefit Program
Magellan Rx Management is dedicated to giving you the best information and resources to help you make better healthcare decisions to lead more healthy, vibrant lives.

90 Day Supply of Your Medications By Mail
If you take maintenance medications for long-term conditions like arthritis, asthma, diabetes, high blood pressure or high cholesterol you could save with Magellan Rx Home, Magellan Rx Management’s mail service pharmacy.

- Save money: Depending on the plan you choose, you could get up to a 90-day supply of your medication for less money than three separate fills and standard shipping is free.
- Save time: Refill your medication just once every three months easily online or by phone. That means no more drive time or waiting at the pharmacy.
- Peace of mind: Your medication is mailed quickly and securely. Registered pharmacists check all orders and are available for help 24/7.

Understanding Step Therapy
From time to time, your physician may prescribe a medication that requires you to first try another drug before your prescription benefits will pay for the prescribed drug. This process is referred to as Step Therapy and it is an approach to help control the risks and costs associated with prescription drug use.

If a drug has a high potential to be over-prescribed or taken for a non-FDA approved use, a Step Therapy edit may be needed. For example; in the case of Vimovo (a COX-2 drug), clinical research indicates that this medication should be reserved for patients at high risk for gastro-intestinal (GI) track bleeding or distress.

Take Advantage of Additional Over-The-Counter (OTC) Benefits
- Some medications previously only available by prescription (e.g., Claritin®, Prilosec®, and Zyrtec®) are now available over-the-counter at a $0 Copay if your PCP writes OTC on your prescription.
- Ask your doctor if any OTC alternatives are available to effectively treat your condition. Switching to an OTC product could save both you and your plan money.

Frequently Asked Questions

When should I use a retail pharmacy? You should use your local retail pharmacy for the first 30-day prescription you get from your doctor as well as prescriptions received for an acute condition like an infection.

How do I order my specialty medication?
Step 1: Have your doctor e-prescribe Magellan Rx Pharmacy - Specialty or fax your prescription to us at 866-364-2673. Make sure the form includes your contact information.

Step 2: We will contact you to get important information and schedule your first delivery.

Step 3: Your prescription will arrive when and where you’ve requested.

Think OTC for your Ulcer and Allergy Medications

A smarter way to think. An easier way to save.

Brand name drugs like Nexium®, Prevacid®, Prilosec®, Zyrtec®, Claritin® and Zantac® that used to only be available with a prescription are now available over-the-counter (OTC). If the OTC version is available in the same strength as the prescription drug you’re currently taking, then the OTC version could provide additional savings opportunities for you. As a result, your plan has elected to cover select OTC medications at a low co-payment (after deductible, if applicable). Covered medications include non-sedating antihistamines (NSAs) and ulcer/heartburn treatments packaged as name brands, store brands or generics as long as they are prescribed by your physician and processed using your prescription benefit card at your local pharmacy.

Talk to your physician today to find out if an OTC product is right for you.

Get Started Today

1. Physician Prescription
2. Take to your In-network Pharmacy
3. Follow Physician’s Instructions

To take advantage of this low co-pay OTC program, please follow these 3 easy steps once you and your doctor agree that an OTC product is right for you:

1. Ask your physician to write (or telephone in) a prescription for the specific OTC product.
   • Make sure your physician writes “OTC” on the prescription.
2. Take the prescription to your local pharmacy (not available through mail service) and ensure that your pharmacist:
   • Uses your prescription benefit card to fill the OTC prescription.
   • Fills the prescription just like any other prescription medicine, making sure to include your doctor’s name and instructions on the label.
   • Charges you a low co-pay as a result of this program (after deductible, if applicable).
3. Make sure to follow your doctor’s instructions for use when taking the medication.

It doesn’t make any sense to pay more. Talk to your physician to find out if an OTC product is right for you and start saving today!

LIFE BENEFITS

Life insurance

If something happens to you, life insurance can help your family reduce financial stress.

Life insurance helps protect your family’s finances by providing a cash benefit if you pass away. This ensures that they’ll be financially supported, and can cover important things from bills to funeral costs. With life policies, you can get affordable life insurance protection for a set period of time.

Who is it for?

Everyone’s life insurance needs are different, depending on their family situation. That’s why group life insurance through an employer is an easier and more affordable option than individual life insurance.

What does it cover?

Life insurance protects your loved ones by providing a benefit (which is usually tax-exempt) if you pass away.

Why should I consider it?

Life insurance is about more than just covering expenses. Depending on your circumstances, it could take your family years to recover from the loss of your income.

With a life insurance benefit, your family will have extra money to cover mortgage and rent payments, legal or medical fees, childcare, tuition, and any outstanding debts.

Guardian, its subsidiaries, agents, and employees do not provide tax, legal, or accounting advice. Consult your tax, legal, or accounting professional regarding your individual situation.

You will receive these benefits if you meet the conditions listed in the policy.

Preparing and planning

Jorge’s never considered purchasing life insurance, but after being offered it through work, he decides it’s a smart way to protect his family.

Jorge has a mortgage, and because his wife is helping to take care of her mother, she only works part-time. In addition, his daughter is about to start college.

Jorge looks at how his family would be affected by losing him.

Average funeral cost: $9,000
Average mortgage debt: $202,000
Average cost of college: $17,000 - $44,000
Average household credit card debt: $8,500

With life insurance, Jorge can make sure that part of these costs are covered if something happens to him.
