

Alumni Award

Ruth Davies

Class of 1927

It is a privilege to Honor Dr. Ruth Davies, member of the Golden Key Class of 1927.

Since graduation, Ruth has enhanced the reputation of her Alma Mater in many ways. Today, we recognize her for a unique contribution to the success of on-campus programs for alumni.

Each session of the Alumni College, since its inception in 1974, has featured a Davies Lecture, prepared and delivered with the same awesome erudition which has impressed and edified generations of undergraduates. The consistently large audience at each of these lectures shows that her listeners (many of them her former students) are aware that the intriguing titles she devises for her talk accurately reflect the high quality of their content.

In addition to her Fourth Alumni College Lecture, this summer Ruth has agreed to participate in the launching of a new program, Summerweek '77.

We thank Dr. Davies for her generosity in sharing her time and wisdom with appreciative listeners and salute her for the esteem in which she is held.
