

Alumni Award

Terry Deibel

Class of 1967

With the Alumni Award we recognize the many contributions of Terry Deibel, an alumnus to whom we point with pride.

Eloquent and scholarly, Terry has shared his vast knowledge of foreign policy with alumni and students alike. Though in demand as a speaker and consultant across the globe, Terry is generous with his time when it comes to serving his alma mater. A favorite of students, he has returned to campus several times to lecture, most recently as Prologue Assembly speaker for last year's National Colloquium on "Waging War, Waging Peace." Shortly after that, he accepted an invitation to repeat his address for the Harford, Connecticut alumni association.

In his own area, he has been a strong and effective leader of the Washington D.C. alumni association helping the committee operate with diligence and enthusiasm. He and his wife Carolyn (Root) have helped plan numerous alumni events in the nation's capital including a three-day suitcase seminar entitled Insiders' Weekend in Washington. They also serve as alumni admission representatives in the Washington area.

For their 25th reunion, Terry and Carolyn organized a very successful reunion of their a capella choir which culminated in a moving musical tribute to Rexford Keller.

Beginning in 1975 Terry was elected to three consecutive three-year terms on the Board of trustees.

With this Alumni Award, we applaud and thank Terry Deibel and rejoice in claiming him as a fellow alumnus.
