Option for Satisfactory/Unsatisfactory
Student Teaching Grades
(Early Childhood Only)

Your Name: ___________________________ Date: ______________

Any Early Childhood student with a GPA of 3.0 or higher may apply to have their student teaching grades reported as Satisfactory/Unsatisfactory rather than letter grades. The deadline for applying for this change is Friday of the first week of the student teaching semester. The Satisfactory/Unsatisfactory option for student teaching grades will be granted solely at the discretion of the faculty with the best interest of the student in mind.

I choose the following grading policy for my three student teaching courses:

_________ Satisfactory/Unsatisfactory

(Satisfactory is not averaged into the GPA; unsatisfactory is averaged into the GPA as a grade of “F.”)

• This form should be placed in the Education Department Chair’s mailbox by 5:00 p.m. on the first Friday of the Student Teaching semester.
• The student’s decision is final.
• Changes will not be accepted after the deadline.
