

Alumni Award

Frank E. Timmons

Class of 1952

Today, we present an Alumni Award to Frank Timmons, a member of a family of 45 alumni of Ohio Wesleyan! The Timmons involvement in this institution covers nearly the entire existence of the college.

While we salute this awesome circumstance, it is for Frank's individual contributions to his Alma Mater that we honor him.

Before the recent move of Frank and his family to Delaware, he was a loyal worker for alumni activities in Washington, D.C., helping to plan and consistently attending events in the area. A major responsibility for him there was as head of the D.C. group of the Ohio Wesleyan Associates. A major star in his crown is that he was one of the most successful solicitors for the last Campaign for Ohio Wesleyan.

Upon establishing his home in Delaware, he continued membership in the Associates. As Vice Chairperson, he played an extremely active role in the Raise the Roof Campaign whose objective was the restoration of University Hall. The importance of University Hall to the campus is well-known to the entire Ohio Wesleyan community. The building, during its century of existence, had deteriorated significantly. And what would this college be without its major symbol? The Raise the Roof Campaign was crucial. Frank contacted many alumni, especially those in Washington, inviting – and gaining – their financial support.

Frank continues his labor in support of this institution, currently holding the position of Associates' Chairperson.

Frank, congratulations on this richly deserved award!
